

In-house training BTW

Type of Training: 1 or 2 day course

Level: **beginner or advanced**

Location: our office or for you to determine (also outside the Netherlands)

Language: Dutch or English

Who should participate: management, accountants, controllers, declaration staff, internal accountants, employees finance department, legal staff, logistics, accounting, AR/AP and shared services centers.

In 1 or 2 days fully aware of the main VAT consequences of your **international trade activities**. Next to the basic principles of VAT we focus on the differences in VAT treatment of cross-border supplies of goods and cross-border services. After this course your team is better equipped to treat your invoices for your international activities in a right way and a **correct return** can be filed.

International trade means that you constantly must assess in what country the VAT is due. Give your employees the **necessary all-round knowledge** of the latest VAT rules in the European Union. This can avoid nasty surprises and result in significant savings.

ALLVAT can **customize a course** to the needs of your company. The course will only focus on the topics that are relevant for you, using real examples from your own daily operations.

Ask ALLVAT for a quotation via info@allvat.com and we contact you directly. After an interview we determine the content and timing of the course together.
